

Procedure Governing Appointments or ReAppointments of Endowed Chairs and Distinguished Professorships

This document refers to appointments or re-appointments of Endowed Chair or Distinguished Professorships already established at Cleveland State University and related faculty members who are already employed at the University. The appointment of a faculty member to an Endowed Chair or Distinguished Professorship at Cleveland State University constitutes the highest honor that can be accorded to a member of the profession. The availability of such positions is dependent upon external support.

Qualifications

Eligible faculty are in general, full professors who have reached eminence in a field of study that reflects outstanding contributions to a discipline and a level of professional achievement consistent with the following criteria:
